Cintas Selects itelligence as SAP ERP Implementation Consultant

Company synergies key to meeting Cintas' goals for enhanced business systems

CINCINNATI, May 11, 2009 — itelligence today announced that it was selected as the consulting partner for SAP ERP implementation at Cintas Corporation, a company that designs, manufactures and implements corporate identity uniform programs for customers throughout the U.S. and Canada. In addition, they provide document management, fire protection and first aid and safety programs in the same markets. Cintas chose itelligence to replace legacy systems with a core SAP ERP 6.0 foundation that will help accomplish Cintas' key business drivers.

“Our SAP implementation selection process was based largely on the synergies we feel with itelligence and our trust in their longstanding business partnership with and global credentials from SAP,” said Tom Thornley, vice president and CIO, Cintas Corporation. “As a compatible global business, headquartered locally, itelligence understands our unique culture, challenges and opportunities.”

SAP implementation will enable Cintas to meet key business objectives through new systems that are better aligned with corporate strategies and business plans. Cintas also will be better able to capture consolidated and accessible information about customers, products and business results and streamline non value-added work.

“Cintas is a leader in its industry with a constant focus on growth and on improving business processes to better understand and serve its customers,” said Steve Niesman, president and CEO of itelligence. “Through our combined efforts, itelligence will use its project experience and deep SAP knowledge to position Cintas' business systems for continued, strategic business expansion and long-term customer and company dividends.”

itelligence's consultants, averaging more than 10 years of industry experience, provide industry best practices with a solid understanding of the robustness of SAP in order to give customers the guidance and expertise needed to control their investment. itelligence offers a complete portfolio of services, including SAP licenses, SAP consulting, as well as SAP Outsourcing, Training and long term Customer Support, for the entire lifecycle of a business. Services are supported by more than 1,450 dedicated employees who have successfully implemented SAP solutions for more than 3000 customers.

About Cintas Corporation

Headquartered in Cincinnati, Ohio, Cintas Corporation provides highly specialized services to businesses of all types. Cintas designs, manufactures and implements corporate identity uniform programs, and provides entrance mats, restroom supplies, promotional products, first aid and safety products, fire protection services and document management services to approximately 800,000 businesses. Cintas is a publicly held company traded over the Nasdaq National Market under the symbol CTAS and is a Nasdaq-100 company and component of Standard & Poor's 500 Index.
